# BULLETIN

## OF THE NEW YORK ACADEMY OF MEDICINE

EDITORIAL BOARD

CHARLES E. KOSSMANN, *Chairman*

GERTRUDE L. ANNAN — RALPH W. GAUSE

MARGARET BEVANS — CHARLES A. RAGAN, JR.

PAUL F. CRANEFIELD, *Secretary and Editor*

VOLUME 39

1963

THE NEW YORK ACADEMY OF MEDICINE
NEW YORK 29, N. Y.

# INDEX

## VOLUME 39, 1963

A

Abbott, William E., see Panel, Physiology and therapy of the gastrectomized patient, 277

Academy Library, Bibliographies added to the, 762

Academy Medal, Citation and presentation of the, to André F. Cournand and Dickinson W. Richards, Frank Glenn, 230

Academy Plaque, Citation and presentation of the, to Asa Liggett Lincoln, Howard Reid Craig, 235

Active principles, Isolation of, in pure form by partition, Lyman C. Craig, 686

Adenohypophyseal hormones, Perspectives on the biochemical endocrinology of *(The 1962 Albert Lasker Basic Medical Research Award Lecture)*, Choh Hao Li, 143

Adenomas, pituitary, Changing concepts in the treatment of, James L. Poppen, 21

Albert Lasker Basic Medical Research Award, Acceptance of the 1962, Choh Hao Li, 141

Albert Lasker Clinical Research Award, Acceptance of the 1962, Joseph E. Smadel, 156

Albert Lasker Basic Medical Research Award, The 1963, presented to Lyman C. Craig, 684

Albert Lasker Basic Medical Research Award, Acceptance of the 1963, Lyman C. Craig, 684

Albert Lasker Clinical Research Award, The 1963, presented to Michael E. De Bakey, 704

Albert Lasker Clinical Research Award, Acceptance of the 1963, Michael E. De Bakey, 704

Albert Lasker Clinical Research Award, The 1963, presented to Charles B. Huggins, 750

Allergy, American Academy of, Registry for insect sting reactors, 547

Almy, Thomas P., *Moderator*, see Panel, Physiology and therapy of the gastrectomized patient, 277

American Academy of Allergy, The, Registry for insect sting reactors, 547

Angrist, Alfred A., Challenge to the medical graduate in the modern era, The, 119

Anniversary Discourse, Medicine: a training or an education? Calvin H. Plimpton, 205

Arterial disease, Basic concepts of therapy in, Michael E. De Bakey, 705

Ascites, Pathogenesis and management of, see Panel, 238

B

Barker, Harold G., see Panel, Physiology and therapy of the gastrectomized patient, 277

Basic concepts of therapy in arterial disease, Michael E. De Bakey, 705

Becker, Harry, An outline of the Federal Administration's February, 1963, legislative proposal for payment of hospital and related services provided to aged beneficiaries, 389

Bibliographies added to the Academy Library, 762

Biochemical tests in liver disease, Oscar Bodansky, 483

Bodansky, Oscar, Biochemical tests in liver disease, see Correlated clinical science course, Third Annual, 483

Bowen-Brooks Scholarship report, A, James A. Whelton, 590

Braceland, Francis J., Stimulants and tranquilizers—their use and abuse, 649

C

Campbell, Meredith F., Pediatric urology, 554

Cancer research, The pattern of, John R. Heller, 666

Cancers, The hormone-dependent, Charles B. Huggins, 752

Cerebrovascular disease, Radiology of, Norman E. Chase, 790

Cerebrovascular insufficiency: the transient ischemic attack, A clinical study of, William K. Hass, 774

Challenge, The, Hiram E. Essex, 396

Challenge to the medical graduate in the modern era, The, Alfred E. Angrist, 119

Changing concepts in the treatment of pituitary adenomas, James L. Poppen, 21

Chase, Norman E., Radiology of cerebrovascular disease, 790

Cherkasky, Martin, New York City medical care, see Citizens' Committee for Chilren of New York, Inc., 343

Child Psychiatry, Integration between pediatrics and, on a busy pediatric service, Lewis M. Fraad, 130

Children, Citizens' committee for, of New York, Inc. What is high quality medical care for children and their families, and how can it be achieved? 335

Citation and presentation of the Academy Medal to André F. Cournand and Dickinson W. Richards, Frank Glenn, 230

Citation and presentation of the Academy Plaque to Asa Liggett Lincoln, Howard Reid Craig, 235

Citation—The 1963 Albert Lasker Award for Basic Medical Research, presented to Lyman C. Craig, 683

Citation—The 1963 Albert Lasker Award for Clinical Research, presented to Michael E. De Bakey, 704

Citation—The 1963 Albert Lasker Award for Clinical Research, presented to Charles B. Huggins, 750

Citizens' Committee for Children of New York, Inc., What is high quality medical care for children and their families, and how can it be achieved? 335

Clinical applications of some recent studies of erythrocyte enzymes, Ruth T. Gross, 90

Clinical study of cerebrovascular insufficiency: the transient ischemic attack, A, William K. Hass, 774

Colman, J. Douglas, The public's concern with quality of medical care, 306

Committee on Public Health, Annual message to the, see Kruse, H. D., 403

Committee on Public Health Reports
Drug addiction II, 417
On salacious literature, 545

Common viral diseases, Recognition and management of, see Panel Meetings, 37

Communication in modern medicine, The role of, Frank Glenn, 214

Correlated Clinical Science Course, Third Annual, Indications for various laboratory tests and their evaluation:

A. Biochemical tests in liver disease, Oscar Bodansky, 483;

B. Evaluation of diagnostic microbiologic studies, Susan J. Hadley, 491;

C. Laboratory and clinical hematology, Paul Reznikoff, 498

Craig, Howard Reid, Citation and presentation of the Academy Plaque to Asa Liggett Lincoln, 235

Craig, Lyman C., Acceptance of the 1963 Albert Lasker Basic Medical Research Award, 684

Craig, Lyman C., Isolation of active principles in pure form by partition *(The 1963 Albert Lasker Medical Research Award Lecture)*, 686

Craig, Robert L., retires as Editor, 553

Cramer, Fritz J., Inaugural address as president of the New York Neurological Society, 315

D

De Bakey, Michael E., Acceptance of the 1963 Albert Lasker Clinical Research Award, 705

De Bakey, Michael E., Basic concepts of therapy in arterial disease *(The 1963 Albert Lasker Clinical Research Award Lecture)*, 707

Drug addiction II, see Committee on Public Health Reports, 417

E

Editor, Robert L. Craig retires as, 553

Education? Medicine: A training or an, Calvin H. Plimpton, 205

Eisenmenger, William J., see Panel, Pathogenesis and management of ascites, 238

Electronics, Medical research and, David Sarnoff, 173

Endocrinology, biochemical, of adenohypophyseal hormones, Perspectives in, Choh Hao Li, 143

Erythrocyte enzymes, Clinical application of some recent studies of, Ruth T. Gross, 90

Essex, Hiram E., The challenge, 396

Evaluation of diagnostic microbiologic studies, Susan J. Hadley, 491

Evaluation of the stroke patient, Pathophysiologic considerations in the, Jerome S. Tobis, 569

F

Facing a new world (Annual message to the Committee on Public Health), H. D. Kruse, 403

Federal Administration's February, 1963, legislative proposal, An outline of, Harry Becker, 389

Felton, Jean Spencer, Health and human behavior in industry—opportunities for research, 180

Fraad, Lewis M., Integration between pediatrics and child psychiatry on a busy pediatric service, 130

G

Gastrectomized patient, Physiology and therapy of the, see Panel Meetings, 277

Glaucoma, surgery of, Some recent advances in the, H. Saul Sugar, 3

Glenn, Frank, Citation and presentation of the Academy Medal to André F. Cournand and Dickinson W. Richards, 230

Glenn, Frank, The role of communication in modern medicine, 214

Gross, Ruth T., Clinical applications of some recent studies of erythrocyte enzymes, 90

Growth of physiological knowledge, The: its historical background, Paul Klemperer, 765

Gynecological malignancies, Radiation therapy of, *(A Bowen-Brooks Scholarship Report)*, James A. Whelton, 590

H

Hadley, Susan J., Evaluation of diagnostic microbiologic studies, see Correlated Clinical Science Course, Third Annual, 491

Hanger, Franklin M., *Moderator*, see Panel, Pathogenesis and management of ascites, 238

Hass, William K., A clinical study of cerebrovascular insufficiency: the transient ischemic attack, 774

Health and human behavior in industry—opportunities for research, Jean Spencer Felton, 180

Heller, John R., The pattern of cancer research, 666

Hematology, Laboratory and clinical, Paul Reznikoff, 498

Hormone-dependent cancers, The, Charles B. Huggins, 752

Howe, Calderon, see Panel, Recognition and management of common viral diseases, 37

Huggins, Charles B., Hormone-dependent cancers, The, *(The 1963 Albert Lasker Clinical Research Award Lecture)*, 752

Humanitarian psychiatry, Jules H. Masserman, 533

I

Inaugural address as president of the New York Neurological Society, Fritz J. Cramer, 315

Industry, Health and human behavior in, Jean Spencer Felton, 180

Infections, Intracellular, Joseph E. Smadel, 158

Insect sting reactors, Registry for, The American Academy of Allergy, 547

Integration between pediatrics and child psychiatry on a busy pediatric service, Lewis M. Fraad, 130

Intracellular infections, Joseph E. Smadel, 158

Ischemic attack, the transient, A clinical study of cerebrovascular insufficiency, William K. Hass, 744

Isolation of active principles in pure form by partition, Lyman C. Craig, 686

K

Keyes, Harold Brown, Prologue—1963, 221

Klemperer, Paul, Growth of physiological knowledge, The: its historical background, 765

Kneeland, Yale, Jr., *Moderator*, see Panel, Recognition and management of common viral diseases, 37

Kruse, H. D., Facing a new world (Annual message to the Committee on Public Health), 403

L

Labor, management and medicine, Symposium, William P. Shepard, *Moderator*, 99

Laboratory and clinical hematology, Paul Reznikoff, 498

Laragh, John H., see Panel, Pathogenesis and management of ascites, 238

Lasker Award papers, see Albert Lasker Basic Medical Research Award

Lavine, Leroy S., Robert F. Warren and James W. G. Murray, Study of the site of action of parathyroid hormone, 269

Li, Choh Hao, Acceptance of the 1962 Albert Lasker Basic Medical Research Award, 141

Li, Choh Hao, Perspectives in the biochemical endocrinology of adenohypophyseal hormones, *(The 1962 Albert Lasker Basic Medical Research Award Lecture)*, 143

Liver disease, Biochemical tests in, Oscar Bodansky, 483

M

Malignancies, gynecological, Radiation therapy of, James A. Whelton, 590

Management of neurogenic vesical dysfunction, Herbert S. Talbot, 71

Masserman, Jules H., Humanitarian psychiatry, 533

Medical care, The public's concern with quality of, J. Douglas Colman, 306

Medical graduate in the modern era, The challenge to the, Alfred A. Angrist, 119

Medical research and electronics, David Sarnoff, 173

Medicine: a training or an education? Calvin H. Plimpton, 205

Microbiologic studies, Evaluation of diagnostic, Susan J. Hadley, 491

Midwifery, past and present, I. Snapper, 503

Modern medicine, The role of communication in, Frank Glenn, 214

Mott, Frederick D., see Symposium, Labor, management and medicine, 99

Murray, James W. G., see Lavine, Leroy S., 269

N

Neurological Society, Inaugural address as president of the New York, Fritz J. Cramer, 315

New York Academy of Medicine, The, Committee on Public Health, Statement by, On salacious literature, 545

New York Academy of Medicine, The, 1963
Officers of Affiliated Societies, 479
Officers of Sections, 479
Officers and Staff, 474
Officers of Standing and Special Committees, 475
Other committees appointed annually by the president, 477

New York Heart Association *(abstracts)*
Effect of variation in sodium excretion in normal man, R. P. Eisinger, T. Pozefsky, M. Nachbar, 62
Effect of regional lymphatic ablation on kidney homograft survival, W. G. Knox, R. McCabe, R. B. Stark, H. Zintel, 804
Electron microscopic correlates of Starling's law of the heart, T. S. Cottrell, E. H. Sonnenblick, D. Spiro, 800
Electrophoretic and immunoelectrophoretic patterns in rheumatic diseases, J. Allerhand, S. H. Bernstein, 802
Localization of the renal tubular defect for sodium excretion in human hypertension, R. P. Eisinger, E. A. Gombos, P. R. Steinmetz, 801
Lymphography, M. I. Resnick, J. W. Wilder, 59
Natural history of ventricular septal defect (VSD) in the adult, The, D. J. W. Escher, H. Mark, D. Young, 806
Pacemaker sites and cardiac output in chronic heart block, J. W. Lister, D. H. Klotz, S. L. Jomain, J. H. Stuckey, B. F. Hoffman, 805
Polarity of the P wave as a diagnostic sign, The, S. Jomain, E. N. Moore, J. H. Stuckey, B. F. Hoffman, 57
Postvalvular pulmonary artery stenosis, B. N. Kightlinger, S. Shimomura, V. Krstulovic, R. D. Kittredge, A. L. Loomis Bell, Jr., 58
Prevention of air embolism during cardiopulmonary bypass, A. A. Bagdonas, J. H. Stuckey, C. Dennis, J. Piera, 62
Prevention or delay of ventricular fibrillation by mechanical assistance to the ischemic heart, R. R. Cappelletti, C. Dennis, S. A. Wesolowski, 60
Relationship between acid-base changes and ventricular fibrillation of the heart, The, P. H. Gerst, W. H. Fleming, J. R. Maim, 803
Studies on the use of ACD block during perfusion, R. S. Venerose, M. Seidenstein, K. E. Karlson, J. H. Stuckey, 63
Study of the effect of left ventriculotomy upon epicardial activation, A, M. Seidenstein, B. F. Hoffman, J. H. Stuckey, R. S. Venerose, 61

New York Pathological Society *(abstracts)*
Bone infarction in non-caisson workers, P. G. Bullough, C. P. Kambolis, 325
Calcifying angiofibroma of diaphragm, W. H. Chou, 324
Cerebrovascular disorders, H. M. Zimmerman, 264
Electron microscopic and histochemical studies of the pancreas, P. E. Lacy, B. W. Volk, R. Levine, 807
Erosion and rupture of intrinsic gastric artery with massive hematemesis, N. Lapi, 322
Fine structure of lipidosis, The, R. D. Terry, 606
Histochemical observations of cytoplasmic inclusions in a case of Chediak-Higashi syndrome, J. Y. Terner, J. S. Magidson, 327

Immunologic hepatic injury, H. Popper, F. Paronetto, F. Schaffner, 610

Long-term follow-up study of in situ carcinoma and related lesions of the uterine cervix, L. G. Koss, F. W. Stewart, F. W. Foote, Jr., M. J. Jordan, G. M. Bader, E. Day, 196

Skin vascular alterations in diabetes mellitus, T. G. Morrione, M. B. Handlesman, 262

Studies on the pathogenesis of immunoallergic arthritis induced by avian nephrotoxic serum in rabbits, C. V. Teodoru, P. Brancato, B. W. Volk, 64

Studies on sites of serum protein production using immunoelectrophoresis and autoradiography, R. Asofsky, 320

O

Observations on the relationship of the pancreas to peptic ulcer, Robert M. Zollinger, 617

O'Connor, Robert B., see Symposium, Labor, management and medicine, 99

Outline of the Federal Administration's February, 1963, legislative proposal for payment of hospital and related services provided to aged beneficiaries, Harry Becker, 389

P

Pancreas, relationship of the, to peptic ulcer, Observations on, Robert M. Zollinger, 617

Panel Meetings

Recognition and management of common viral diseases, Yale Kneeland, Jr., *Moderator*, Calderon Howe, Morris Schaeffer, 37

Pathogenesis and management of ascites, Franklin M. Hanger, *Moderator*, William J. Eisenmenger, John H. Laragh, Arthur B. Voorhees, Jr., 238

Physiology and therapy of the gastrectomized patient, Thomas P. Almy, *Moderator*, William E. Abbott, Harold G. Barker, Marvin H. Sleisenger, Parker Vanamee, 277

Parathyroid hormone, A study of the site of action of, Leroy S. Lavine, Robert F. Warren, James W. G. Murray, 269

Parrott, Robert H., Viral respiratory tract illnesses in children, 629

Pathogenesis and management of ascites, Panel Meeting, Franklin M. Hanger, *Moderator*, 238

Pathophysiologic considerations in the evaluation of the stroke patient, Jerome S. Tobis, 569

Pattern of cancer research, The, John R. Heller, 666

Pediatric urology, Meredith F. Campbell, 554

Pediatrics and child psychiatry, Integration between, on a busy pediatric service, Lewis M. Fraad, 130

Peptic ulcer, Observations on the relationship of the pancreas to, Robert M. Zollinger, 617

Perspectives in the biochemical endocrinology of adenohypophyseal hormones, Choh Hao Li, 143

Physiological knowledge: its historical background, The growth of, Paul Klemperer, 765

Pituitary adenomas, Changing concepts in the treatment of, James L. Poppen, 21

Plimpton, Calvin H., Medicine: a training or an education? 205

Poppen, James L., Changing concepts in the treatment of pituitary adenomas, 21

Prologue—1963, Harold Brown Keyes, 221

Psychiatry, Humanitarian, Jules H. Masserman, 533

Public's concern with quality of medical care, The, J. Douglas Colman, 306

R

Radiation therapy of gynecological malignancies, James A. Whelton, 590

Radiology of cerebrovascular disease, Norman E. Chase, 790

Rappleye, Williard C., see Symposium, Labor, management and medicine, 99

Reader, George G., Issues in the evaluation of quality of health services, see: Citizens' Committee for Children of New York, Inc., 340

Recognition and management of common viral diseases, Panel Meeting, Yale Kneeland, Jr., *Moderator*, 37

Registry for insect sting reactors, The American Academy of Allergy, 547

Respiratory tract illnesses in children, Viral, Robert H. Parrott, 629

Reznikoff, Paul, Laboratory and clinical hematology, see: Correlated Clinical Science Course, Third Annual, 498

Role of communication in modern medicine, The, Frank Glenn, 214

S

Salacious literature, Statement on, by The New York Academy of Medicine, 545

Sarnoff, David, Medical research and electronics, 173

Schaeffer, Morris, see Panel, Recognition and management of common viral diseases, 37

Shepard, William P., *Moderator*, see Symposium, Labor, management and medicine, 99

Sleisenger, Marvin H., see Panel, Physiology and treatment of the gastrectomized patient, 277

Smadel, Joseph E., Acceptance of the 1962 Albert Lasker Clinical Research Award, 156

Smadel, Joseph E., Intracellular infections *(The 1962 Albert Lasker Clinical Research Award Lecture)*, 158

Snapper, I., Midwifery, past and present, 503

Some recent advances in the surgery of glaucoma, H. Saul Sugar, 3

Stimulants and tranquilizers—their use and abuse, Francis J. Braceland, 649

Stroke patient, Pathophysiologic considerations in the evaluation of the, Jerome S. Tobis, 569

Study of the site of action of parathyroid hormone, A, Leroy S. Lavine, Robert F. Warren, James W. G. Murray, 269

Sugar, H. Saul, Some recent advances in the surgery of glaucoma, 3

Surgery of glaucoma, Some recent advances in the, H. Saul Sugar, 3

Symposium

Labor, management and medicine, William P. Shepard, *Moderator*, Willard C. Rappleye, Frederick D. Mott, Robert B. O'Connor, 99

T

Talbot, Herbert S., Management of neurogenic vesical dysfunction, 71

Tobis, Jerome S., Pathophysiologic considerations in the evaluation of the stroke patient, 569

Tranquilizers—their use and abuse, Stimulants and, Francis Y. Braceland, 649

U

Urology, Pediatric, Meredith F. Campbell, 554

V

Vanamee, Parker, see Panel, Physiology and therapy of the gastrectomized patient, 277

Vesical dysfunction, neurogenic, Management of, Herbert S. Talbot, 71

Viral diseases, common, Recognition and management of, see Panel Meetings, 37

Viral respiratory tract illnesses in children, Robert H. Parrott, 629
